All right guys so now what are we going to do if he pushes my foot in and then I'm not able to keep him here and I'm trying to keep him here but then he's going to go to step around so when he steps around here and he steps around I'm going to be ready to come with this hand I'm going to hook under his ankle and I'm going to pass the lapel to this hand with him on the opposite side so as he steps around here okay I'm hooking on his butt I reach underneath and now I grab the lapel here around his shin okay to reinforce my reverse daily hiva here okay now I'm just going to do the same one we already did on that kiss of the dragon so I'm stepping on it I kick him up I lift my butt okay and I roll myself through pull myself in here now I loop my hook in okay and I come and grab the back of his pants pull him to me kick him out okay hug him tight hook in on the back you see this one more time here from another angle okay he steps around here he's getting into this third position but I've got the lapel I dive in okay get the lapel here in this hand okay try to hook his ankle with the bend of my elbow kicking him up lift my butt rolling through okay loop the foot in okay grip the back of the pants or the belt either one that I can find pull him to me kicking him out sitting up hugging tight hook in okay tie it onto his back
